2ND IN FAMILY HURT IN CRASH NEAR HAMPTON

Two 16-year-old East Berlin R. 2 girls were injured Tuesday evening at 4:45 o'clock when their car crashed near the site of a similar accident in which one of the girl's brothers was seriously injured Saturday.

State police said Loreen L. Albright, 16, East Berlin R. 2, was driving west on the East Berlin-Hampton Rd., two miles west of East Berlin, at a spot where the road crests and then curves, when she lost control of the vehicle. It ran off the right side of the road, struck an embankment, rolled over and came to rest in the field.

Miss Albright and a passenger in her car, Shirley M. Haar, 16, East Berlin R. 2, were both thrown from the auto. The 1955 car was demolished, with the loss estimated at $1,500.

Brother There, Too

Brought to the Warner Hospital in the hospital ambulance, Miss Albright was admitted as a patient with multiple lacerations and abrasions of the body and a punctured lung.

Miss Haar, also brought to the hospital in the ambulance, was admitted with a dislocated left hip and multiple lacerations of the body.

Miss Haar's brother, Ralph, 21, was admitted to the Warner Hospital Saturday morning as a patient after he had also been in an accident two miles west of East Berlin on the Hampton Rd., at about the same spot as that where the accident occurred Tuesday afternoon. Ralph Haar suffered a cerebral concussion, a fracture of the left leg, brush burns, and extensive injuries to his right hand fingers. Ralph Haar and his companion were pinned in the car in that accident.

BAIRD, BREHM, SPENCE DRAW TOP POSITIONS

Drawings were conducted by the Adams County Election Board Tuesday afternoon at the court house to determine the position on the ballot of names of candidates for 78 offices.

In the county treasurer race, on the Democratic ticket, John W. Brehm, Cashtown, will be first and Irvin Baker second. On the Republican ticket Clark E. Spence received first place on the ballot for treasurer and William I. Shields, second.

Physicians at Baltimore's Mt. Sinai Hospital conducted an autopsy Tuesday to learn the cause of death of Arno M. Kuykendall, 28-year-old Greencastle father of three little children who died in Baltimore Tuesday morning after a week's mysterious illness. Kuykendall was a native of Gettysburg.

Mr. Kuykendall had been hospitalized in the Waynesboro Hospital late last week with an illness thought to have been a virus infection, it was learned, and over the weekend was rushed to Mt. Sinai.

A co-worker of Mr. Kuykendall with a wiring crew of the A. G. Crunkleton Electric Co., Greencastle, was rushed to the same hospital Monday evening from the Chambersburg Hospital where he had also been taken last week when it appeared he had a virus illness.

Junior Historians To Clear Cemetery

The old Round Hill Cemetery, north of Hampton, will be visited by the Junior Historians of Gettysburg High School to give the ancient burial ground another spring clean-up. The Junior Historians, under the leadership of their teacher, J. M. Sheads, performed a similar task there two years ago.

About 20 of the group of American history students at the high school will leave at 8 a.m. Saturday, take their lunches along and expect to finish their cleanup job by mid-afternoon. They will be accompanied by Mr. Sheads, who is chairman of the Adams County Historical Society's committee on old cemeteries, and Miss Ruth McIlhenny. Ronald Ditzler is president of the club.

Ike Denies He Will Resign

WASHINGTON (AP)—President Eisenhower said today reports he will resign before the end of his second term and turn his duties over to Vice President Nixon are the worst rot he has heard since taking office.

Eisenhower also told a news conference, in commenting on his speedy trip to Gettysburg last Friday, he has issued orders that his limousine is never to exceed the speed limit at any place.

A reporter told Eisenhower there have been reports and rumors lately that he might step out of the presidency, when world conditions permit, and have Nixon take over.

Eisenhower appeared to register some surprise. Then he said emphatically those reports are the worst rot he has heard since he has been in office.

Shqwing irritation, he said he knows of no reason why any speculative writer should doubt his basic integrity and honesty.

COLEMAN TELLS OF LAST DAYS OF CONFEDERACY

The story of the last days of the Confederacy was told by Dr. J. Walter Coleman, superintendent of the Gettysburg National Military Park, Tuesday evening at an Appomattox Day program held by the Salome M. Stewart Tent, Daughters of Union Veterans at the GAR post rooms, E. Middle St., for the DUV, the Sons of Unions Veterans and the Auxiliary of the SUV.

Dr. Coleman gave a description of the fighting on April 1 and 2 at Petersburg which resulted in General Lee's attempt to escape with his army westward to Appomattox. The route of the 90-mile march of the Confederates was outlined citing the difficulties of the besieged Confederates.

The various battles along the way were described as was the surrended at Appomattox by General Lee to General Grant in the home of Wilmer McClean—who had had a home at Bull Run during the opening battle of the Civil War and who then moved to Appomattox to escape the war.

The Union Troops were described as probably the most generous of victors. They shared their food with the starving Confederates, and the terms dictated by General Grant were probably the most lenient in history."

Tent President Marian Sanders gave the address of welcome. The Lord's Prayer was recited in unison as was the salute to the flag. Following the singing of the "Star Spangled Banner" and "America" Alice Wetzel presented a reading. Mrs. Bess Kapp introduced the speaker and spoke briefly. Maybelle McKenrick gave a reading and Alice Wetzel and Marian Swisher sang a duet.

Dr. Joseph H. Riley, past commander of the SUV, and Past President Alice Wetzel gave brief talks.

9 Killed As Huge Tornado Whirls Across Dallas, Tex.; Vast Damage

By WHITEY SAWYER

DALLAS (AP)—A huge, black tornado whirled and roared over a deadly, 21-mile path across Dallas yesterday as thousands watched in fear and awe. Nine persons were killed and police sought others reported missing.

Some 196 were treated at hospitals for injuries.

Jess Curry, assistant police chief, said damage would be at least 1½ million dollars.

Other States Hit

Tornadoes also plowed into southern Oklahoma and killed at least five persons. Another person was killed near Paris, Tex., as a series of tornadoes skipped around north Texas.

The tornado lashed out of a black rainstorm. An estimated hundred thousand people watched as it swayed a leisurely, jerky course from South Oak Cliff through west Dallas and northwest Dallas. For 40 horror-filled minutes the lashing funnel filled the dark sky above a frozen city.

Passengers and crew of a Braniff Airlines plane watched from the air as the plane circled after takeoff from Dallas' Love Field.

Traffic piled up into fantastic jams all over western Dallas.

"Like A Freight Train"

"Oh, lawd, it roared down like a freight train and then was on us tearing our house down," Robert Thurman, 31, sobbed. Blood oozed from a wound in his head. He trembled from shock as he sat beside his injured wife at Parkland Hospital.

The hospital was jammed with crying, wailing bloody people. There were dozens of children, many numb and soaked with blood.

Four of the dead were children, including three in one family. One was a month-old girl and the three brothers and sisters, aged 5, 3, and 2 years.

Panic In Streets

The funnel was one of a series of twisters which hopped over the state. Other scattered injuries and damage were reported. A wide

PRESIDENT OF PA. FEDERATION TALKS AT DINNER

Mrs. Woodrow R. Mattern, McClure, president of the Pennsylvania Federation of Women's Clubs, was guest speaker at the spring dinner meeting of the Adams County Federation of Women's Clubs Tuesday evening in the social room of Redeemer's Evangelical and Reformed church, Littlestown. A baked ham dinner was served to the 50 women in attendance by the Hustlers' Sunday School class of the church.

Mrs. Mattern explained the "Three R's" of federated club women, rights, responsibilities and relationship, noting that there are rights of opportunity, of belonging and of the individual. She said responsibilities of clubwomen are first in the home, then to be concerned about the changes in the world in the field of education, and the other fields that affect everyone. "Do not be complacent about anything," she said, and quoted statistics on the various departments of federation work to arouse concern. "Progress does not make news," Mrs. Mattern stated, "It is crises that make the headlines."

The president expressed the hope that the new department in the federation, "Religions of the World," would be incorporated in the Adams County clubs. Under relationship, Mrs. Mattern reminded members that the forming of many friendships in the community, the county and the state would not be possible without first becoming a club member. She concluded with the plea that all "work with harmony in the heart, with vision and purpose in the mind to strengthen the Federation."

Mrs. Lehmer Speaks

Mrs. Mattern was introduced by Mrs. Isaac Lehmer, Dillsburg, vice president of the South Central District of the Pennsylvania Federation of Women's Clubs, who spoke briefly, concerning the state convention to be held in Philadelphia

HEAD OF HOWARD LAUDS ORDER ON DESEGREGATION

"The Supreme Court decision on segregation was the most important act of the government for the negro since the Emancipation Proclamation," Dr. Mordecai Johnson, president of Howard University, Washington, D. C., said in the second of a series of Student-Faculty lectures on the Seminary campus Tuesday.

In his morning address, Dr. Johnson, in giving the educational background of the court's action, said that "no system of public education was available for the children of slaves in the South, and in addition, 3½ million whites were without educational facilities prior to the Civil War. For 30 years following the War the South was involved in a period of deep struggle. Slave-holders captured control of the government and a series of laws were passed aiming at negro disenfranchisement. The main aim of the slave holders at this time was to segregate the negroes into a completely different class of people."

Legalized Segregation

Then in 1896, Dr. Johnson said, the Supreme Court handed down the "separate but equal" decision. This decision started legalized segregation in hotels, schools, churches, even in graveyards. "The whold of life became segregated," he said.

"Out of this situation came aid from the Northern Christian Church, and this institution was primarily responsible for establishing a system of public education for the negro in the South after the Civil War. Plans were made for the establishment of colleges and universities, but it soon became evident that the pupils were in dire need of adequate preparation prior to entering the college or university level.

Land Grant Schools

"Sixth, Seventh, and Eighth grades were set up, followed by high schools. Education in the southern states waited years to go beyond the high school level.

DRIVER POSTS $1,000 BAIL ON MANSLAUGHTER

Ronald Barry Hewitt, 22, 322 S. Washington St., Tuesday posted $1,000 bail before Justice of the Peace John H. Basehore to appear before the Adams County court on a charge of involuntary manslaughter resulting from the death of three women following an auto accident on the Sunshine trail January 22.

The charge was filed by state police Tuesday following a study by District Attorney Daniel E. Teeter of the transcript of the inquest held last Tuesday at Waynesboro. Hewitt, after receiving the warrant from the officer, waived a hearing before the justice and posted the bail for court.

Hewitt was the driver of an H. C. Brinkerhoff Transportation Co. tractor-trailer January 22 on the Sunshine Trail, near Fountaindale, when the tractor trailer and a car being driven by Mrs. Daisy B. Debrick, 51, Pen-Mar collided early in the morning on icy roads. Witnesses at the inquest said there was a heavy fog.

Mrs. Debrick and two passengers in her car, Mrs. Grace Hamilton Ott, 72, Pen-Mar, and Mrs. Anna F. Watson, 28, Blue Ridge Summit, were fatally hurt in the crash. Two other women in the car, Mrs. Alice S. Gilland, 48, Waynesboro R. 4, and Mrs. Norman Kint, 31, Pennersville, were badly injured. All five of the women were enroute to work at the Knouse Foods plant at Orrtanna at the time of the crash.

FARM LIFE OF LAST CENTURY IS DESCRIBED

Recollections of farm life in Adams County three quarters of a century ago entertained members of the Adams County Historical Society Tuesday evening at their April meeting at the court house. The vice president, Dr. Lloyd C. Keefauver, presided. About 40 attended.

The speaker was Dr. Harvey D. Hoover, professor emeritus of the Gettysburg Lutheran Theological Seminary, whose recollections of life on a typical farm in Adams County go back to the days when grain was cradled, rye was threshed by flailing, goosefat was used for pneumonia and pulsewarmers and most other articles of clothing were made at home.

Dr. Hoover described the farmers of this area of the last century as "very thrifty, creative, clever, thoughtful and able to meet situations with their own resources."

Spelling Bees, Barn Raisings

He recalled days when water for household use had to be carried from a distant spring or from rain-barrels, when roast wheat and molasses substituted for coffee, and when teas from roots and leaves were used for home remedies. Homemade candles provided light until the first kerosene lamp was introduced in his home in his early school days. Hearth bread, coffee mills, berries from fence rows, spinning and flax wheels, fences from chestnut rails, cold bedrooms, the family altar, money not banked but hidden about the home, peripatetic peddlers, spelling bees, barn raisings, bellsnickling, square dances, sleighing, straw rides and memorable trips to the Grangers' picnic and the York fair were other memories recalled by the speaker.

STUDENTS FROM MOUNT TO SERVE ON DONOR LIST

Mount Saint Mary's students will serve as blood donors through a program set up several years ago by the Francis X. Elder post of the American Legion, it was learned Tuesday evening at a meeting of the Elder post in Emmitsburg.

A letter was read from Bernard Kaliss, freshman faculty advisor at the college, thanking the Francis X. Elder post members for arranging for blood donors for the three Mount students injured early Sunday morning in an auto accident near Emmitsburg.

The same letter contained a list of names of Mount Saint Mary's students to be added to the blood donor list of the Legion post. For the last several years the Emmitsburg American Legion has operated a blood donor service in conjunction with the Warner Hospital here whereby the local hospital calls the Emmitsburg Legion post when it needs donors from that section and complete arrangements are made by the post to provide persons to give the proper type blood.

$25 For Team

Louis F. Rosensteel, blood donor chairman for the Legion, expressed appreciation of the Mount Saint Mary's College student volunteers to the program. In presenting his report of the blood donor project during last month he said the following had donated blood through the Legion project: David Wantz, Wales Rightnour, Allen Davis, Francis Little, Mrs. Guy Baker Sr., Carroll Orndorff, Paul Keepers, Leo Keepers, Gerald Hutnick, Mrs. Ethel Jenkins and Mrs. Ellen Grothe.

A $25 donation was voted for the Emmitsburg baseball team. Commander Edgar Wastler presided at the meeting with 41 members present.

"NO LONGER MINE"

Here and now I'll try to tell you . . . of the feeling in my heart . . . since cruel fate has deemed it certain . . . that we two must be apart . . . it's as though my dreams are shattered . . . since you are not by my side . . . and the loneliness I harbor . . . is extremely hard to hide . . . without you is without sunlight . . . long and dreary are the days . . . even diamond stars in heaven . . . are to me faded bouquets . . . tenderness that used to warm me . . . with its blissful magic glow . . . is seldom found at all . . . no matter where I go . . . life itself is void of meaning . . . I'm like driftwood on the sea . . . and every hour seems to drag . . . like an eternity . . . that's how it is, my darling . . . I suppose I'll always pine . . . and all because cruel fate has deemed . . . you are no longer mine.

at the Hotel Sheraton on April 24, 25 and 26, and also about the state federation project, the Women's Medical College. It is the aim of the federation to raise $100,000, which the federal government will then match to add a new wing to the Women's Medical College. Each of the 88,000 club women in Pennsylvania is asked to save a penny a week over a period of two years, to be contributed to the Women's Medical College.

Mrs. Marvin F. Breighner, Littlestown, president of the Adams County Federation, presided. Mrs. Anna B. Leach offered the invocation and served as acting secretary. Reports were heard from Mrs. M. R. Hamsher, Gettysburg, treasurer, and from the presidents of the three federated clubs in the county, Mrs. Harold Ecker, Gettysburg; Mrs. Atlee F. Rebert, the Woman's Club of Littlestown, and Mrs. Robert Hensel, the Junior Woman's Club of Littlestown. Mrs. Ecker noted that in the last two years over $1,100 has been given to the Warner Hospital in various forms and that the membership of the Gettysburg Club has reached 174. The activities and programs of the three clubs were reviewed by the presidents. Mrs. Rebert said the Woman's Club now has a membership of 97 and that over $200 has been given in benevolences this year. The Junior Woman's club had a charter membership of 48 when organized in April 1956 and now has 59 on the roll.

Mrs. Breighner announced that any member of the three clubs interested in further information convention should contact her. Registrations must be in by April 8. Both Mrs. Lehmer and Mrs. Mattern commended the clubs on the variety of activities. Mrs. Mattern also reviewed the work of clubwomen throughout the state and said that "it is not always the amount of money contributed but the feeling of good will which the work of clubmembers creates in the community, that is most important."

Vocal solo selections were rendered by Mary Ann Burgoon with Gerrie Roberts as piano accompanist. Both are senior students in the Littlestown high school.

It was announced that the fall federation meeting will be held in Gettysburg.

11 COUNTY ROAD DEATHS DURING FIRST 3 MONTHS

Accidents on the highways in Adams County declined during the first three months this year compared with the same period a year ago, but the death toll climbed considerably.

Reports of the local state police show 11 were killed in the 78 auto accidents investigated by the officers so far this year. That number compares to four fatally injured in 89 crashes during the first three months of last year. There were 51 persons injured during January, February and March. The number compares with 89 in the comparable months a year ago.

The accidents during the first three months this year caused property damage totaling $79,984.

Police said their reports do not tell the full story of accidents in the county. Many are investigated by borough police. Many one-car accidents and sometimes two-car crashes are not investigated by the officers because those involved either do not wish to see police or the matters are minor, or can be settled by insurance, so the officers are not called.

24 Mishaps In March

The police report shows 24 accidents last month in which three persons were killed, 14 hurt and property damage totaled $19,259. That compares to 21 accidents in February in which two were killed, 13 injured and damage was $19,165. In January there were 33 accidents in which six were killed, 24 less seriously hurt and damage was $41-560. In March, 1956, there were 35 accidents in which four were killed and 21 hurt.

So far this year state police have made 363 arrests on traffic violation charges. 161 arrests were made during the last month.

During March the state police spent 263 hours on seven investigations involving criminal charges, 1,610 hours on 389 patrols and 1,291 hours on station work. The officers traveled 26,995 miles in the course of their work, and in addition to their other duties conducted one state department and four special investigations.

2 Local Banks Effect Merger Transfer Tuesday: Transfer of the business of the Citizens' Trust company to the First National Bank was being effected today Edmund W. Thomas, president of First National bank, announced.

All business of the Citizens' Trust company with the exception of the trust department is being transacted through the First National bank although some of the employes of the former bank are still on duty at the Baltimore street institution doing clerical work and directing patrons to the First National.

In announcing the transfer of the Citizens' Trust of the First National Mr. Thomas said that the main objective was to establish a larger banking institution with increased resources at a greatly reduced figure in overhead. Today's Talk

UNSHAKABLE FAITH

To have faith is to move mountains! But if there are no mountains to move, faith will be forever at your side, prompting you, and clearing your eyes for the visions ahead. Faith is of the very substance of all success, and indeed of all happiness.

Without faith in ourselves, our friends, and the objectives of our lives, we couldn't make much headway in all that we do. Without faith we would become confused, full of fear, and without ambition.

This faith of ours should be unshakable, not merely for emergencies or selfish triumphs, but for every contact in life. When we have faith we have confidence, and this leads us safely to our many duties and privileges.

I believe that a certain amount of faith is contributed to us at birth. The child's faith is a natural one wrapped in love and has an immortal cast. Business men need to have a good supply of faith to carry them through the year with its many changes of fortune.

Faith has often brought a person through great difficulties when all else had proved of no avail. Faith, no matter where applied, comes to us, like manna from Heaven. It's God's medicine and is allied to all Nature. How can we look out upon Nature and not believe in a personal God, and One Who guides the destiny of nations?

There are many people whose faith is so deeply founded that it shines from their faces. They have that unshakable faith look! It was said of Hercules, the god of force, that whether he sat, or stood, or whatever he did, he conquered. Even to conquer in little things, faith is an essential. Faith, however, is something that grows, and grows.

Tomorrow Mr. Adams will talk on the subject: "Meeting Others"

GOOD EDDIE

When little Eddie's mother said:
"It's time to go to bed,"
He toddled to the stairway and
he left his book unread.
He never raised an argument or
stained his cheeks with tears
When his mother said to Eddie:
"It is time you washed your ears."

When Eddie's lovely mother had
some company for tea,
A perfect little gentleman, until
they left, was he.
He minded all his manners at the
table where he sat,
He never shamed his mother by
exclaiming: "I hate that!"

The visitors admired him and
they praised the way he had;
They wondered how his mother
drew so wonderful a lad.
The neighbors even liked him.
There is no surpassing that!
And the proof of Eddie's conduct
is that no one called him
brat.

There is no more little Eddie.
Long ago he slipped away.
Where he used to sit at table
there's a chap whose hair is
gray.
And he proudly tells his children,
when they gather there for
tea,
There will never be another good
as Eddie used to be.

LENTEN GUIDEPOSTS

MY LUMINOUS UNIVERSE
By HELEN KELLER
World Famous Deaf-Blind Author

It is difficult for me to answer when I am asked what are the main lessons life has taught me. Looking deeply into my inner self, I feel that ultimately I have not been influenced by any particular "lessons," but rather by forces working on my subconsciousness that have borne me on an unseen current.

Helen Keller

The tendencies which my teacher divined and developed were the making of the ship that has carried me far out into the ocean of public life. Joy in adventure, travel and love of service to my fellow men were stronger than physical handicaps.

Great Satisfaction

Instinctively I found my greatest satisfaction in working with men and women everywhere who ask not "Shall I labor among Christians or Jews or Buddhists?" but say rather, "God, is Thy wisdom help me to decrease the sorrows of Thy children and increase their advantages and joys." Blindness and deafness were simply the banks that guided the course of my life-ship until the stream joined the sea.

But there is one lesson I have consciously learned — that, although in Ecclesiastes it is said "There is no new thing under the sun," yet history is full of new meanings in every age and nation, which continually blossom and bear fruit.

To my surprise I discovered in my Greek sayings, "There is no force so mighty in the world as perseverance." It never occurred to the writer of that rich sentence in ancient times that it would sow new seeds of significance until a day would come when the blind, the deaf, and the crippled would rise up in the might of purpose, compel their obstacles aside, and press onward to creative accomplishment.

The Philosophers

I have caught rays of light from different thinkers — Socrates, Plato, Bacon, Kant, and Emanuel Swedenborg, the Swedish seer.

With Socrates I believe in thinking out the meaning of words before committing them to speech. Plato's theory of the Absolute strengthens me because it gives truth to what I know is true, beauty to the beautiful, music to what I cannot hear, and light to what I cannot see.

Swedenborg has shaken down the barriers of time and space in my life and supplied me with likenesses or correspondences between the world within the world without, which give me courage and imagination beyond my three senses.

Thus I move from one philosophy to another, constructing out of a fragmentary outward environment a luminous, resonant universe.

Filled With Sun

These varied thoughts convince me that, blind or seeing, one is not happy unless one's heart is filled with the sun which never dissolves into gloom.

God is that sun, and if one's faith in Him is only strong, He will somehow or other reveal one's powers and brighten the darkest days with His divine beams.

Since my 17th year I have tried to live according to the teachings of Emanuel Swedenborg. By "church" he did not mean an ecclesiastical organization, but a spiritual fellowship of thoughtful men and women who spend their lives for a service to mankind which outlasts them.

He called it a civilization that was to be born of a healthy, universal religion — good will, mutual understanding, service from all to each and each to all, regardless of dogma or ritual.

Three Main Ideas

Swedenborg's religious works are in many long volumes, but their sum and substance are in three main ideas — God as Divine Love, God as Divine Wisdom, and God as Power for use. These ideas come as waves from an ocean which floods every bay and harbor of life with new potency of will, of faith, of effort.

By love I do not mean a vague, aimless sentiment, but a desire for good united with wisdom and fulfilled in work and deed. Because God is infinite, He puts resources into each human being that outrun the possibilities of evil. He is always creating in us new forms of self-development and channels through which, even if unaware, we may quicken new impulses towards civilization, art, or humanitarianism.

My confidence in the final triumph of idealism over materialism does not spring from closing my mental eyes to the suffering or the evil-doing of men, but rather from a steadfast belief that good will climb upward in human nature while the meanness and hatred drop into their native nothingness, and life goes on with unabated vigor to its new earth and heaven.

TOMORROW — Floyd Starr, founder of Starr Commonwealth for Boys tells the story of the boy who lost his laugh and how it returned to him when he learned the true meaning of love.

9 Killed

band of the northwest part of Texas was under a severe weather warning.

Panic rose in the streets as traffic piled up.

"I've got to get out of this jam —it's hitting my house and my wife is home," a tearful old man begged and cried.

Many simply abandoned their autos, fearing the tornado was heading toward them. Police cars and ambulances, their sirens screaming, fought for passage.

The base of the funnel apparently varied from 150 to 500 feet in width. Huge pieces of debris were whirled an estimated 2,000 feet into the air and sailed out sideways as the twister smashed houses, businesses, trees and vehicles. Brilliant flashes kept hopping about the base as power and trolly-bus lines snapped.

Bill McGill, state coordinator of defense and disaster relief, said a "survey shows 154 houses in Dallas demolished. One hundred sustained major damage and 85 minor damage. Four apartment houses were demolished and 10 commercial buildings destroyed. Two Red Cross shelters were opened for the homeless."

McGill said his organization had reports of 400 injured.

STUDY EGYPT'S REPLY TODAY ON U.S. PROPOSALS

By JOHN M. HIGHTOWER

WASHINGTON (AP) — Officials studied today a reply from Egypt on U. S. proposals for revising Egypt's Suez Canal operating plan to protect the interests of user nations.

There was no immediate information on the contents of the note, received last night from Ambassador Raymond A. Hare in Cairo.

Secretary of State Dulles said yesterday before receiving the reply that he expected to learn from it whether there was a prospect "of serious negotiations" for an agreement satisfactory to the United States and the other Western nations.

No Direct Pressures

He conceded at a news conference that the United States has no direct pressures such as "military threats or boycotts of the canal" which it could use to obtain modifications in the Egyptian plan.

However, he said Egypt's decision will greatly affect that country's future relations with other nations and he hinted that this applies specifically to United States economic aid, which Egypt has received in the past.

"We are anxious," he said "I think most countries are anxious, to see developments which will improve and uplift the economy of Egypt and its Arab neighbors and we think it is in the mutual interest that the interdependence of this area with other areas should be promoted by sound Egyptian policies."

Essential Issue

The essential issue in the controversy over the operation of the Suez Canal now is the extent of which President Gamal Abdel Nasser is willing to make an international agreement which would recognize the rights of the user nations.

The Egyptian plan proposed last week is based on complete operation and control of the waterway by the Egyptian canal authority. It provides for appeals from decisions of the authority but does not recognize the rights of the users as a group to deal jointly with Egypt on such matters.

The effect of the plan, as U.S officials understand it, would be to retain in Egyptian hands the power of economic strangulation over countries such as those in Western Europe whose oil supply depends largely on transit through Suez.

Gets 5-10 Years On Morals Charge

PHILADELPHIA (AP) — Bernard Jacobs, 31, former model agency operator, was sentenced yesterday to 5 to 10 years in eastern state penitentiary on morals charges.

Jacobs was the first of 18 defendants to draw a prison sentence in the widely-publicized vice ring probe in the Greater Philadelphia area.

He was convicted last November of luring teen-age girls into the ring. Judge Theodore Reimel, who imposed sentence, sat at the trial.

Four girls testified against Jacobs. He is also awaiting trial in adjoining Montgomery County on charges involving alleged lewd parties held at the estate of Mr. and Mrs. James Worden, who are among the defendants in the case.

Lowell Dertinger of Wyoming holds the Skyline Conference record for the 100-yard butterfly swim — one minute, 5.3 seconds.

Five Lose Lives In Worst Spring Snowstorm In Years

DENVER (AP) —The heaviest spring snowstorm in 22 years moved out of the Rocky Mountain states today, leaving five dead and abundant water for the area pinched by drought since 1949.

Jubilant farm leaders said the stacks of snow — some as high as five feet —on the mountain watersheds more than offset any livestock losses. The parched plains were drenched with rain and snow.

Schools in Denver, Cheyenne, Wyo., and most other cities joined rural districts in closing down until tomorrow.

16 Inches In Denver

Rail, highway and air travel—snarled and erratic for 36 hours—was due to return to normal today.

Heaviest snowfalls were reported in the mountains and in cities along the eastern slope of the Rockies. Denver measured 16 inches — heaviest spring fall since 20 inches in April 1935 — Colorado Springs 15, Cheyenne, Wyo., 10 and Leadville, two miles high in the central Colorado Rockies, 27 inches.

"This is the greatest thing that could have happened moisture-wise to our state," said Gov. Steve McNichols of Colorado.

Paul Swisher, Colorado agriculture commissioner, said the storm "might be the forerunner of the end or the beginning of the end of the drought" that set in eight years ago.

3 Die Of Heart Attacks

Three Denver men died of heart attacks while shoveling snow or pushing automobiles stuck in the mushy drifts. Two men died in traffic accidents blamed on poor visibility.

Colorado Springs, 70 miles south of Denver, received the heaviest blows from the storm. City Forester Fred McKown said the damage to trees was the worst since a September 1935 storm.

Scores of utility and telephone lines in the Colorado Springs area snapped under the weight of falling tree limbs.

Red Cross officials declared Colorado Springs a disaster area and throughout yesterday a score of jeeps, manned by El Paso County sheriff deputies, ran emergency errands. These included supplying medicines and special foods to stranded householders.

DEATHS

SAN FRANCISCO (AP)—Herbert Fleishhacker Sr., 84, financier and philanthropist who contributed to San Francisco its nationally famous Fleishhacker Zoo, for many years president of the Anglo-California National Bank, merged recently with Crocker First National, died yesterday.

NEW YORK (AP) — Maj. Hans G. Hornbostel, 76, a Bataan death march survivor who spent the later years of his life waging a war against fear and superstition concerning leprosy, who had spent three years with his wife in a leper colony at Carville, La., after she contracted the disease in a Japanese prison camp, died yesterday.

Big Car Races At Williams Grove

WILLIAMS GROVE, Pa. — For the race fan who likes them big, loud and saucy, Roy Richwine will have just "what the doctor ordered" Sunday afternoon when he presents the first U. S. Auto Club sanctioned big car auto roces of the 1957 season on the Williams Grove Speedway.

A large field of upwards of 30 cars, dominated by the powerful Offenhauses, and 30 of the nation's top-ranking drivers, will converge on the half-mile oval for the opener.

A seven-event card for the big cars will consist of time trials, three 10-lap qualifying races, a 10-lap consolation event, a 10-lap race for cars with stock engines and the grueling 30-lap USAC Inaugural Sweepstakes.

Favor Zulueta To Defeat Joey Lopes

WASHINGTON (AP)—Orlando Zulueta, seeking to fortify his claim for a title bout, stands an 8-5 favorite over Joey Lopes in their 10-round lightweight scrap at Uline Arena tonight.

Both fighters expect to weigh a couple of pounds over the 135-pound championship limit for the nationally televised and broadcast (ABC, 10 p.m. EST) engagement.

The match sends a puncher, in the person of Lopes—29-year-old Portugese from Sacramento — against a boxer in the fast-stepping Zulueta, veteran Cuban contender.

Zulueta, making his 101st appearance as a pro, is risking more than his chin against Lopes. He's won a top-rated challenger for Joe Brown's crown. A victory over the unranked Lopes would help a little but a defeat would hurt a lot.

LAG PUTTING MAY WIN FOR JACKIE BURKE

By WILL GRIMSLEY

AUGUSTA, Ga. (AP) — Jackie Burke Jr. has set a line of strategy for his bid to become the first repeat winner of the Masters golf championship —"Play it cozy and hope for the best."

"Nobody ever won this tournament by trying to win it," the boyish pro from Houston, Tex., said today. "You have to sneak up on it. You have to play it cool and take chances that it's good enough."

The curly-haired offspring of one of the game's greatest pros, who sneaked in with a 289 last year after amateur Ken Venturi's last-day collapse, said he figured the title would be won or lost on the Augusta National's expansive greens.

One Of Best Lag Putters

"The man with the best lag putting touch will win it," he said. "That's why I'd have to stick with fellows like Cary Middlecoff, Ben Hogan, Sam Snead and Jimmy Demaret. They'll usually get down in two from anywhere on the green."

Modesty prevented Burke from saying that the reason he is rated high among the threats is that he is one of the best lag putters in the game.

Lag putting is the art of snaking a long putt close enough to get down on the next nudge.

Practice Round At 67

Burke's practice rounds — he had a 75 yesterday—haven't been up to the standard of some of his contemporaries but experience has shown that practice scores are seldom a good criterion of tournament performance.

A tall Canadian, Al Balding, had the best practice round yesterday, a 5-under-par 67. He got it with a red-hot putting stick which sank four balls from 10 to 30 feet; he one-putted three other greens.

Two of the prime favorites, National Open champion Middlecoff and Hogan, shot par 72s.

Snead also shot a 72. Demaret had 70.

PHILS AND REDS MAY MAKE DEAL

CLEARWATER, Fla. (AP)—"When you're down in the second division, everybody wants to keep you there," says General Manager Roy Hamey of the Philadelphia Phillies.

Hamey's complaint at the Phils' spring training camp here yesterday referred to the apparent unwillingness of anybody in the National League to negotiate a trade he might consider beneficial.

However Cincinnati, according to camp gossip, would like a left handed pitcher, somebody, say, like the Phils' Harve Haddix, and also a third baseman, say like Willie Jones. In return they might be willing to give up shortstop Alex Grammas and third baseman Don Haok, and, perhaps, an outfielder.

Camp observers say they would not be surprised if Hamey decided to make the deal, since he seems so determined to acquire an established shortstop to fill that spot in the infield, despite rookie John Kennedy's impressive play at the position this spring.

Big Ten basketball teams averaged 38.8 per cent success in their field goal attempts during the 1956-57 conference season.

COMPARE KUBEK TO DIMAGGIO AS OUTFIELDER

By THE ASSOCIATED PRESS

It was early February in New York and Casey Stengel was talking of his world champion Yankees when he said, "Now you take this young fella Kubek, and you can't because I got him and he's the closest I've seen who can go and get 'em like DiMaggio."

Tony Kubek, 21, 6-3, 188, born in Milwaukee, was still attached to Denver, where he hit .331 as a shortstop last season.

A month later, he was the rookie phenom of spring training, already tabbed the American League's Rookie of the Year.

Blanked By Brewer

Yesterday he banged three hits and drove in the lone run as the Yankees, behind the five-hit pitching of young Johnny Kucks, defeated the Boston Red Sox 1-0.

Kubek, playing center field in place of the injured Mickey Mantle, now has a .333 spring batting average.

Tom Brewer, 0-7 against the Yanks the past two seasons, blanked the champs over the first seven frames. Then a pinch single by Enos Slaughter and a single by Gil McDougald set up Kubek's hit against Rookie Jack Spring.

Cards Take Reds

Elsehwere, the St. Louis Cardinals wrapped up Cincinnati 9-2; Brooklyn ended a three-game losing streak with an 11-5 job on Pittsburgh; Warren Spahn became Milwaukee's first nine-inning pitcher, beating Atlanta 8-5; the Philadelphia Phillies rallied to defeat the Chicago White Sox 4-2; Chicago's Cubs beat Baltimore 7-6 in 12 innings; and the Cleveland Indians walloped the New York Giants 11-6.

Stan Musial, having one of his best springs ever, was 5-for-5, including a home run, as the Cardinals produced 17 hits to back up Herm Wehmeier's seven-inning, four-hit job on the Redlegs.

A walk, two singles and Carl Furillo's double made for three Paul Minner, the first scored off Pirate pitching in 36 innings. Randy Jackson hit a pinch home run for the Brooks with rookie John Roseboro adding a three-run, 400-foot-plus blast. Roger Craig was the starter-winner, with reliever Don Bessent barely surviving a four-run Buc seventh.

Pierce Holds Phils

The Phils had to wait until Billy Pierce, the White Sox's 20-game winner, left before getting down to business against rookie Jim Derrington. Pierce gave the Phils just one hit in five frames. Three singles and a misjudged pop fly did the damage in a three-run seventh inning.

Gene Baker's home run off southpaw Bill O'Dell won for the Dubs, who had blown a 3-0 lead with Bob Nieman's three-run homer in the eighth that gave the Orioles a 6-4 edge. The Cubs tied it in the ninth.

Weak-hitting Jim Hegan and George Strickland each had a double and a single for the Indians, who overcame a four-run first inning by the Giants. Herb Score, unusually wild, was touched for all six New York runs

Richards Pleased With New Catcher

DOUGLAS, Ariz. (AP) — Manager Paul Richards of the Baltimore Orioles has indicated he is pleased with the showing of Jim Pyburn behind the bat in recent "B" squad games and there's a possibility Pyburn may become the club's No. 2 catcher.

Richards said yesterday that Joe Ginsburg and Tommy Patton will be given every opportunity to land the job behind Gu Triandos but both Ginsburg and Patton are hitting under .225 and it is doubtful they will be around too long.

Pyburn, a 24-year-old bonus player picked up off the Auburn University campus three years ago, was a catcher at college but has played the outfield and third base in previous seasons with the Orioles.

HEAD OF HOWARD

(Continued From Page 1)

Finally in the first quarter of the twentieth century these land grant schools in the South began to be called land grant colleges and universities. College level studies were begun after years of patient building and developing on the part of educators in the area."

In relation to cost of education, Dr. Johnson said that in several Northern states $6,000 annually is spent for each child in the public school system. "In a few Southern states this figure drops to a low of $99 per child. Other statistics reveal the fact that approximately one-third of the negro population in the United States has access to adequate school facilities. In 1939 out of 31 accredited engineering schools in the South with an overall student population of 25,000, not one school claimed a negro student, not one school would admit a negro student. Howard University stands at the first accredited institution of higher learning for negro students."

In discussing the spiritual background of the decision, Dr. Johnson emphasized two points. "First, the spiritual implications of the Court's action for the South and second, the implication for the nation as a whole, including Protestant Christianity. The response of the South to the decision has been nothing short of miraculous."

Whites Aided Negroes

"Of the nine justices on the Supreme Court when the decision was handed down, three of these men were Southerners. Southern white lawyers have served as counsel in negro cases, fighting against their own tradition for complete racial liberty. One Southern community after another desegregated before state action could be taken following the decision."

Dr. Johnson cited Hannibal, Mo., San Antonio, Tex., and Louisville, Ky., as examples of immediate desegregation. "The universality of the Court's action is emphasized by the fact that the decision was translated into 42 different languages before it was released to the press.

"This decision concerning segregation was made at this specific point in history because there was only one answer that the Eternal God would accept at this point, namely desegregation and integration," Dr. Johnson concluded.

Speaks At Dinner

Tuesday evening Dr. Johnson addressed sixty-five members and guests of the Inter-faculty Club on "the essential oneness and friendliness of people of all races and nations." He asserted the "possibility of goodwill and understanding regardless of cultural level or educational background."

Dr. Johnson was presented by Dr. Harry F. Baughman, president of the seminary. The chairman of the banquet committee was Prof Conway Williams of Gettysburg College.

New officers of the Inter-faculty Club are: president, Conway Williams; vice president, Frederick K. Wentz, and secretary-treasurer, Theodore Daniels.

HERSHEY HOPES RAISED AGAIN

HERSHEY, Pa. (AP) — The Hershey Bears prospects for advancing to the finals of the American Hockey League Calder Cup playoffs appeared considerably brighter today after last nigh's come-from-behind conques of he Cleveland Barons.

Last night's 3-2 victory here tied the best-of-seven playoff series at 2-2. The teams resume play Thursday night at Cleveland, return here Saturday, then go back to Cleveland Sunday afternoon if necessary.

Cleveland took an early 1-0 lead last night, but the Bears came back with two second period goals and increased the lead to 3-1 in the final period before the Barons added their final tally with about four and a half minutes to play. The game ended in a wild pileup in front of the Bears' net.

Boy, 13, Caught In Theft Of Bicycle

A 13-year-old boy was apprehended by Hanover police Tuesday afternoon after he attempted to sell a stolen bicycle at a Hanover bicycle store. He was committed to York County Detention home to await action of juvenile authorities.

Police said that the boy admitted stealing the bicycle from a rack at Delone Catholic High school, McSherrystown, between 9:30 and 10:30 a.m.

According to police, the boy rode the bicycle to New Oxford, New Chester, Hampton, East Berlin, Abbottstown and ther to Hanover. When he tried to sell the bicycle at the Hanover store, the proprietor called the police.

The boy fled through a back door when the police car arrived, but he was apprehended nearby.

BOXER'S RACIAL STATUS OKAY AS BOUT GOES ON

NEW ORLEANS (AP)—The Louisiana State Athletic Commission dropped the question of lightweight contender Ralph Dupas' racial status and supported the fancy-boxing New Orleans fighter by endorsing his bout with welterweight Vince Martinez next Monday.

The commission went through another three-hour session last night, but unlike the first meeting last Thursday, part of it was open to the public.

The hearings were prompted when Mrs. Lucretia Gravolet of Plaquemines Parish, La., and others told the commission that Dupas, rated sixth in the lightweight division, was born of Negro parents. Louisiana law bans competition between white and Negro athletes.

Backed By Witnesses

The commission issued a statement saying that "nothing has been presented to justify the commission in rescinding the permit heretofore issued."

None of the commission members would comment on future action and several answered "no comment" on any future proceedings. But the action indicated that the commission could find no shortcoming in Dupas' insistence that he is white. Three witnesses testified under oath that they knew him to be white.

Dupas told newsmen after the hearing, "Man, that's a lot better."

Emmitsburg will play a return game at Fairfield next Tuesday.

DELONE BLANKS LITTLESTOWN 9 IN OPENER 3-0

Lawrence Miller hurled a one-hit shutout as Delone Catholic blanked Littlestown High in the opening baseball game for both schools Tuesday afternoon at McSherrystown. Miller also whiffed eight and did not issue a pass.

The lone hit off Miller came in the fourth when John Shomper reached base on a wind-blown safety.

Delone scored all of its runs in the fourth via singles by Charley Doll, Eddie Roth and Bevenour, and a double by George Thomassey.

Littlestown plays at Kennard-Dale Friday while Delone hosts York Springs on Thursday.

Rochester Cagers Go To Cincinnati

ROCHESTER, N.Y. (AP) — Les Harrison, president of the Rochester Royals of the National Basketball Assn., announced today he was moving the Royals to Cincinnati.

Harrison said he was leaving his home city, where he organized the Royals in 1945, with the greatest regret. But he said that the trend was to bigger cities and hat he was sure the Cincinnai area would give the club the support it needs.

Yanks Seem Sure Winners In AL; Same Trio In NL Contest

By ED WILKS

NEW YORK (AP) — It looks like more of the same in the 1957 major league pennant races.

In the National League, it's Brooklyn, Milwaukee, Cincinnati and pick 'em.

In the American, only injury — not Cleveland, Chicago or Detroit —appears capable of interrupting the New York Yankees' reign.

Can Old Men Repeat?

The national league goes into its 82nd season in two weeks with an isolation booth question hanging over each of the contenders. The pennant rides with the answer.

It's a familiar and irritating question for Brooklyn's defending champions — Can the old men do it again? Specifically, can Sal Maglie come anywhere close, at 40, to the magnificent Maglie of last season? Is Roy Campanella's hand back in business? Can Pee Wee Reese, butted by injury all spring, stay in one piece at 37? Can the Dodgers get along without Jackie Robinson — and Carl Erskine, if his arm proves helpless?

Are Braves Of Age?

For the Braves, who went to the final day of the season before losing the 1956 pennant to the Dodgers, the question is whether Manager Fred Haney's passion for positive thinking can show a profit. Have the Braves come of age? Has Haney, with his talk of "potential" and "hustle," convinced Milwaukee's annual runners-up they have matured as a result of last season's bitter burnout?

Cincinnati's question is more tangible — and more demanding. Can the Redlegs, who matched the one-season major league home run record with 221 last year, stay explosive enough to cover up a pitching staff that could be a dud? Can Birdie Tebbetts, the National League Manager of the Year in '56, pull a little miracle? A comeback by Joe Nuxhall, a repeat year by 19-game-winner Brooks Lawrence, another fine bullpen job by Hershell Freemar and help from a "sleeper" somewhere on the pitching staff are musts.

If anything scares the Yankees it's the ever present threat of injury to Mickey Mantle, who knocked down the 1956 batting championship, home run crown, runs-batted-in title and a $60,000 salary.

But even with the league's Most Valuable Player on the bench there doesn't appear to be enough on any other club to prevent Manager Casey Stengel from grabbing his eighth pennant. The world champs likely have the Rookie of the Year in outfielder-infielder Tony Kubek to boot.

ORNDORFF WILL IS PROBATED

The will of Mrs. Mary E. Orndorff, Emmitsburg, was probated in Orphans Court, Frederick, Monday.

The will leaves $50 to St. Anthony's Catholic church for masses: a turkey platter to a stepson, John L. Orndorff; a 100-piece set of dishes to a stepdaughter, M. Viola Hemler; a chest of drawers to a nephew, Martin Kaas; a truck to a nephew, Daniel Kaas. $100 each is left to a niece, Mary Pastorett, and nephews, John, Martin and Daniel Kaas. A great-nephew, Robert, is left $25.

The testatrix directed that the residue of the estate be converted into cash and left in 30 equal parts to the following: Stepdaughters, Viola Hemler, Alice E. McGlaughlin, Catherine V. Orndorff, M. Bernadette Kaas, Evelyn M. Hartdagen; stepsons, Charles F. Orndorff, John L. Orndorff, Maurice A. Orndorff, three shares each; Mary O. Wivell, Helen Orndorff, Lillian Orndorff, children of a deceased stepson, James Orndorff, one share each; Viola Hemler, three shares in trust for an invalid stepdaughter, Mary Ruth Orndorff, the income to be paid her for life and any remaining portion to go to her heirs at law upon her death.

Maurice Orndorff is named executor. The will is dated Feb. 18, 1956. It was witnessed by Robert R. Saylor and Calvin S. Lohr.

Former Director Of Budget Dies

SAN FRANCISCO (AP)—Rowland R. Hughes, former U. S. director of the budget, died last night at the Christian Science Benevolent Assn. Sanatorium. He was 61.

President Eisenhower appointed Hughes, a New York banker, to the budget director's post in April, 1954. He resigned a year ago for "compelling personal and family reasons." He had been in the sanatorium here for the past six weeks.

Mr. Hughes visited President Eisenhower at his farm here while the Chief Executive was convalescing after his heart attack.

REUTHER AND 3 OTHERS GIVEN 'CLEAN SLATES'

WASHINGTON (AP)—Sen. McClellan (D-Ark) said Tuesday his rackets investigators have found "nothing to indicate any impropriety" by Walter Reuther and three other labor union officials in dealing with Nathan Shefferman.

McClellan heads the Senate Rackets Investigating Committee, which has received evidence that Teamsters Union President Dave Beck used $85,000 of union funds to buy rich clothing and other items at a discount through Shefferman, a Chicago specialist on labor-management relations.

In his testimony, Shefferman had named Reuther, president of the United Auto Workers, and several other labor leaders as among the several hundred business and labor executives for whom he said he had made discount purchases.

Trying To Be Fair

McClellan said he was releasing the report only to be fair to them because the four names had been injected—"not by myself" — into the public hearings.

Beck meantime returned quietly to Washington and presided Monday over a daylong secret meeting of the Teamsters Union's executive board.

There was no immediate official announcement of the meeting's purpose or of the action taken.

Report Fund Rejection

The Washington Post and Times-Herald reported Tuesday the board had rejected Beck's plan to set up a million-dollar publicity fund.

Beck repeatedly invoked the Fifth Amendment's protection against self-incrimination in refusing to answer the Senate committee's questions last week. The committee said it had obtained evidence that Beck had used $320,000 of Teamsters Union funds for his own purposes.

A spokesman said there was no consideration given at the meeting to the possibility of withdrawing the Teamsters Union from the AFL-CIO.

Ordered Diligent Search

McClellan's announcement followed up his order to the committee staff to make a "diligent" search of Shefferman's records. The labor specialist had named Reuther and the others under questioning by Sen. Goldwater (R-Ariz).

McClellan said the staff search showed Reuther had made two purchases totaling $129 through Shefferman. He said it also showed 13 purchases by William F. Schnitzler, secretary-treasurer of the AFL-CIO, totaling about $1,600; four purchases by the late Matthew Woll, an AFL-CIO vice president, totaling $2,300; and two purchases totaling $224 by Herman Winter, former president of the Bakery Workers Union. He said most of the purchases represented "household goods" that Shefferman could buy at a discount.

"There is nothing significant about it," the senator said, "in view of there being nothing in our file at present to indicate these purchases were paid out of the funds of any union."

IRAN MINISTER RESIGNS POST; BANDIT SOUGHT

TEHRAN (AP) — Official sources said Prime Minister Hussein Ala resigned Tuesday in a Cabinet shuffle resulting from the murder of three Americans by Iranian bandits.

The sources said Ala, who is 74, will be replaced by Dr. Manouchehr Eghbal, energetic 49-year-old court minister to Shah Mohammed Reza Pahlevi. Informants said the change would give the government a stronger hand in dealing with banditry and tribal defiance.

Announcement of Ala's resignation is expected today, after a final meeting with his Cabinet, or possibly Thursday. He will replace his successor as court minister.

Push Bandit Search

The government meanwhile stepped up its search for Dadshah, the desert outlaw blamed for the ambush killing in southeast Iran of U.S. Point Four official Kevin Carroll; his wife; and Brewster Wilson, a development specialist for the Near East Foundation.

Arms and ammunition were distributed among tribesmen enlisted to aid in the hunt being carried on by more than 1,000 police and troops.

But a police spokesman said Dadshah and his gang have spent their lives in the rugged "White Mountains" of southeast Iran and know the terrain better than their searchers.

Outlaws Elude Pursuers

Officials in Tehran said no more of the bandits had been reported killed or captured. Two were slain soon after the hunt began March 25 and another was arrested recently. But otherwise, they said, the outlaws have eluded the pursuing force.

Clark S. Gregory, U.S. Point Four aid director for Iran, announced today that his order suspending the aid program until the arrest and punishment of Dadshah and his gang applied only to the area in which the Americans were killed.

Gregory said he wanted his program to continue "as far as it is safe" for Americans and Iranians on the Point Four staff.

PEDIATRICIANS ARE CAUTIONED ON ABO DISEASE

WASHINGTON (AP) — Children's doctors were cautioned Tuesday that ABO (erythroblastosis) is a "frequently missed" blood disease occurring in an appreciable number of newborn babies.

The disease — resulting from a particular blood incompatibility between mother and child—is twice as common as "RH-factor" disease, and although generally milder it can lead to brain damage unless treated early, the American Academy of Pediatrics was told.

Doctors Sanford L. Leiken and Jack J. Rheingold of George Washington University School of Medicine told of their findings in an exhibit prepared for AAP's spring meeting. They said the condition is more difficult to recognize than "RH" unless doctors are familiar with certain characteristic signs and diagnostic tests.

The disease gets its name "ABO" from the fact that it can occur when the mother has O-type blood and her unborn child has either A-type or B-type. People having O-type blood possess antibodies against A and B types, and in some instances, a mother's antibodies can be transferred to the A or B blood of an infant, causing a destruction of red blood cells.

The researchers said the condition occurs in about one out of 75 pregnancies — whereas RH-factor disease, another type of incompatability, occurs in only one out of every 150 to 200 pregnancies.

The key suspicious sign, they said, is when a newborn baby develops jaundice — a yellowing of the complexion—within 24 hours after birth.

HOLD CLOSED HEARINGS ON SCHOOL AID

WASHINGTON (AP) — A House Education subcommittee starts closed-door consideration today of a bill to provide federal aid for school construction.

Various members disagree on whether they would get through today, but all said they thought there would be some compromises between what the administration asks and the larger amount some Democrats want.

Rep. McConnell (R-Pa), author of the administration bill, said the current "atmosphere of budget cutting" was a hazard.

Rep. Bailey (D-WVa), subcommittee chairman, has acknowledged the economy drive "might put us behind the eight ball."

The administration wants a four-year program totaling $1,300,000,000 in aid to the states. Distribution would be on the basis of school-age population and relative income.

The bill generally called the Democrats' measure, by Rep. Kelley (D-Pa), would provide $3,600,000,000 in federal grants to the states over six years. Distribution would be on school-age population alone.

HARRISBURG (AP)—Senate committee approval was given last night to a measure that would authorize the Department of Property and Supplies to seel for $500.42 of an acre in Lewistown to the General State Authority.

Yankee pitcher Whitey Ford and welterweight boxer Tony DiBiase grew up in the same Astoria, Long Island, neighborhood.

CLAIMS NASSER AND ARAB RULERS RUIN PEACE HOPE

JERUSALEM (AP) — Prime Minister David Ben-Gurion told Parliament last night there is little chance of a Middle East peace as long as Egypt's President Nasser "and the present generation of Arab rulers are in power."

Ben-Gurion spoke in defense of his foreign policy.

He said Nasser's prestige has been considerably lowered in the past few months — not only in the eyes of his Arab neighbors, but also in the eyes of the Soviets."

But Ben-Gurion cautioned that there was a possibility of "renewed Arab attacks — and also, if Israel is victorious, this might be followed by another round. In that sense there never will be a final victory for Israel in the Middle East of our times."

Cites Arab Threat

This continuing Arab threat, the Premier said, forced him to order the withdrawal from the Gaza Strip and the Gulf of Aqaba demanded by the U. N.

"Under these conditions," he declared, "I could not take the risk to place Israel in a situation that perhaps in two or three years all doors would be closed to us when we would have to acquire more and more superior arms."

Foreign Minister Golda said Israel expects the U. N. and its members to "take appropriate steps against the stubborn insistence of the Egyptian dictator in continuing a state of war against Israel."

She repeated that Israel will insist on its "right of free passage in the Suez Canal" and will not accept what she termed "misguided proposals for the stationing of U. N. forces on our side of the (Gaza-Israeli) demarcation line."

Group Seeking Advertising Ban

AP Special Washington Service

WASHINGTON (AP)—Congress has been urged by a group of 71 Lycoming County, Pa., residents to ban advertising of alcoholic beverages over the air and in interstate commerce.

Noting complaints by juvenile court judges, domestic court judges and police officials "of the part played by alcohol in the deterioration of our homes and in the delinquency of our children," the group's petition, placed in the Congressional Record yesterday by Rep. Bush (R-Pa) adds:

"The glamorous and deceptive advertising, which becomes constantly worse, is drowning out the warnings of the home, the school and the church with disastrous results."

Insect Damage To Livestock And Crops In County May Top Million Dollar Mark In Year

By J. O. PEPPER
Entomology Extension
The Pennsylvania State University

Using the 1955 livestock and crop report values for Adams County, and the average per cent damage by insects as set up by national authorities, the average annual insect loss to livestock and some of the high ranking crops in the county is $1,517,858. This is assuming that no control practices are used.

The types of farms in Adams County include dairy and livestock, poultry, fruit, nurserymen and general field crops. Insect control is one of the important factors in the economical production of any livestock or farm crop products. Beside these, insect control is necessary in the home flower and vegetable garden and also on shrubs, trees and lawns.

If a list of all the known animals of Adams County were to be compiled it is estimated that 70 to 80 per cent of them would be insects. This would include both harmful and beneficial insects. Someone has asked "How many kinds of insects might be found in the county?" It is believed that a careful survey would show ten to fifteen thousand different kinds.

Great reproductive capacity is common among insects. For example: In one summer season from April to August, the descendants of one pair of housefiles, if all lived and reproduced normally, would make a total of 191,000,000,000,000,000. Fortunately reproduction usually does not go on at full speed! Other insects, birds, disease, insecticides and weather take a toll of the eggs that are laid and the young that are born.

For many years the number of insecticides were few in number and machinery for applying them was scarce. Today we have about 60 different insecticides and when properly selected and used most insects can be controlled. The people of Adams County are using insecticides successfully and profitably in controlling insect pests.

Many Are Joining Fair Association

The South Mountain Fair Association's invitation to all to join is paying off.

Already several hundred persons have mailed a dollar to Secretary Fred McDannell, Arendtsville, to establish a membership in the organization.

The directors of the fair group decided to open membership to all countians who wished to belong because of the great interest on the part of all, and of course, the need of funds to continue with improvement and development of the fairgrounds.

Results of that decision pleased and surprised the directors. A few letters were sent out, and drew almost 100 per cent response. In addition other persons not on the list sent in $1 memberships in order to help the fair along.

HARRISBURG (AP) — The Senate last night confirmed the appointment of Franklin W. Ruth Jr., Lykens, Schuylkill County, to the board of trustees of Pennsylvania State University. Ruth, a son of Sen. Frank W. Ruth (D-Berks), was named to the post by Gov. Leader last year.

Your fish chowder will taste particularly good if you add a small chopped carrot to it along with the usual onion. Season with parsley and thyme.

Win Honors At State U.N. Assembly

Five Adams County girls, members of the Biglerville, Fairfield and East Berlin High School Tri-Hi-Y groups were honored as one of the most attractively costumed groups attending the State YMCA United Nations Assembly at Harrisburg. The county girls represented Italy at the "United Nations Assembly" and made their own costumes. So well did they perform a skit and dance, which they made up themselves, that they were asked to repeat the performance later this spring at a YMCA program at Chambersburg. As "Italy,' they entered a resolution in the "UN Assembly" and found it passed without opposition. Their resolution called for greater exchange of students between nations. The students are: Standing, Janet Hollabaugh, Biglerville; Lois Sanders, Fairfield, and Joyce Starry, Biglerville; kneeling, Barbara Cox and Fern Hull, both of East Berlin.

HAITI "BOOTS" 3RD PRESIDENT IN FOUR MONTHS

PORT AU PRINCE, Haiti (AP)—The army appeared in firm control of Haiti today as this volatile Caribbean Negro republic dumped its third President in four months.

Provisional President Franck Sylvain, who resigned last night under whipped-up public pressure, was reported under palace arrest pending investigation of an alleged bomb plot. The inquiry was launched after police found three caches of arms and explosives.

Word spread that Brig. Gen. L. M. Cantave, army chief of staff, may take over the presidential functions until Haiti's newest political muddle is cleared up and elections are held.

Foil Get-Away

An informed source said Sylvain had failed in an attempted get away in a car driven by his sister-in-law, Undersecretary of Labor Lydia Jeanty. She was arrested later.

Sylvain's Cabinet was forced out last week under charges the provisional chief of state was rigging the presidential election set for April 28 in favor of candidate Francois Duvalier. Nine other candidates are in the race.

The capital finally simmered down last night after three days of demonstrations and strikes. Crowds who had massed to rejoice over Sylvain's resignation slowly dispersed. Cantave appealed to the people to keep order. He said the army was staying neutral in the political dispute and would guarantee order until a new government was formed.

Pennsylvania Is Killed In Crash

SELLERSVILLE, Pa. (AP)—A 15-year Navy veteran who made his home in this Bucks County town was among the 11 men who died yesterday when a Navy bomber crashed shortly after takeoff at the Chincoteague, Va., Naval Air Station.

George N. Stracka, 37, had returned to the Naval base Sunday night after a weekend at home to help his younger child, Lucille, celebrate her fifth birthday. He leaves one other child, James, 9, besides his widow, Marie, and mother, Mrs. Elizabeth Stracka of Kearny, N.J.

Stracka joined the Navy in 1941, the day after Pearl Harbor. He was an aviation machinist's mate, first class.

ADVERTISE IN THE TIMES

BUILD PICKETT CHARGE SCENE IN BHS ROOM

Three Junior historians of Biglerville High School have recreated Pickett's Charge on a specially built sand table at their school.

The three, George Witt, Terry Thomas and Larry Dillon, found the battle of Gettysburg interesting a month ago when they studied the Civil War in the junior high school American history course taught by Miss Mildred Walter.

As their study progressed they decided to visit the battlefield and look over the scene. Then they decided that between themselves and some of their friends, they could probably find enough toy soldiers to recreate the battle, provided they could find some place to recreate the physical scene.

They talked the matter over with Miss Walter and were assigned a corner of the classroom in which to do their work.

A wooden base was constructed, sand was poured onto the base, and the length of Cemetery Ridge was established.

Twigs were turned into trees, and stones became rock fences for the Union forces.

Realistic Scene

A little paint turned khaki uniforms of the toy soldiers into Confederate gray or Union blue and within a few days the entire scene, with the Confederates rushing toward Cemetery Ridge, Union troops firing from behind the stone wall, wounded soldiers — with red paint for blood — cannon, and all the rest had been placed and the battle scene re-established in miniature.

The class is now studying the history of World War I and Pickett's charge still occupies the front of the room. The students hold that the depiction of the Civil War battle gives them a better understanding of the changes in battle tactics between the Civil War and World War I.

Use Machine Guns And Tanks To Quell Riots In Santiago

SANTIAGO, Chile (AP)—President Carlos Ibanez early today promised the "energetic use of arms, whatever the consequences," to end a rising wave of violence stemming from anti-inflation demonstrations.

The President made a nationwide, postmidnigh. broadcast after army machine gunners, tanks and armored cars fired repeatedly last night on thousands rioting through the heart of Santiago and stoning government buildings.

The outbreak followed a week of increasingly turbulent demonstrations—most of them led by students—against Chile's runaway cost of living. The government charged extremist elements were using the student demonstrations to carry on violence and vandalism.

"State Of Siege"

Interior Minister Benjamin Videla proclaimed a state of siege, a modified form of martial law. Gen. Horacio Gamboa, commander of the Santiago garrison, ordered a curfew in the capital and late last night said the situation was under complete control. But sporadic shots were heard far into the night.

Official sources said only three persons were killed last night in Santiago. But hospital informants said as many as 40 persons might have been killed and that 128 were wounded, some seriously.

An official spokesman said 15 persons had been killed and hundreds injured in the weeklong wave of disorders.

Demonstrations also flared last night in Valparaiso, Concepcion and San Antonio. Police shot into the air and used tear gas to break up the crowds.

Ibanez in his broadcast said the government would "adopt measures dictated by the circumstances, regardless of how stern they might be."

Troops and police, he declared, were being ordered to maintain order above any other consideration.

Call Murphy On Red China Issue

WASHINGTON (AP) — The Senate Foreign Relations Committee called Robert Murphy, deputy undersecretary of state, before it today to explain the administration's refusal to authorize entry of U. S. newsmen into Red China

There were reports in advance of the committee session that the State Department now is considering permitting three reporters, representing the three major wire services, to accept a standing offer from China for a visit there.

No Nagging Backache Means a Good Night's Sleep

Nagging backache, headache, or muscular aches and pains may come on with over-exertion, emotional upsets or day to day stress and strain. And folks who eat and drink unwisely sometimes suffer mild bladder irritation ...with that restless, uncomfortable feeling.

If you are miserable and worn out because of these discomforts, Doan's Pills often help by their pain relieving action, by their soothing effect to ease bladder irritation, and by their mild diuretic action through the kidneys — tending to increase the output of the 15 miles of kidney tubes.

So if nagging backache makes you feel dragged-out, miserable, with restless, sleepless nights, don't wait, try Doan's Pills, get the same happy relief millions have enjoyed for over 60 years. Ask for new, large, economy size and save money. Get Doan's Pills today!
